

**UNIVERSITY OF CALIFORNIA, SANTA CRUZ**  
**DEPARTMENT OF BIOMOLECULAR ENGINEERING**  
**Adjunct Faculty Positions #T08-17**

The [Biomolecular Engineering Department](#) within the [Baskin School of Engineering](#) at the University of California, Santa Cruz invites qualified individuals to apply to our ongoing pool of Assistant Adjunct Professor, Associate Adjunct Professor, and Adjunct Professor positions. Appointments in this series may be assigned to academic scholars currently affiliated with other universities or to qualified individuals who are professional practitioners of appropriate distinction when such an affiliation supports the academic and professional endeavors of the department. Academically qualified research or other creative personnel who contribute significantly to teaching either in formal courses or in guidance of graduate students in one or more of the areas below are encouraged to apply. While these appointments forge closer relations between the university and other academic institutions or industry, positions are frequently non-salaried and involve a limited length of service.

We seek outstanding candidates who can contribute to the diversity of scholarly activity and add additional dimension to the School of Engineering by complementing or augmenting our existing research strengths. Current areas of excellence and research foci within the Biomolecular Engineering Department include: bioinformatics, bioengineering, biotechnology, biochemistry, computer science, laboratory automation, immunology and virology, micro array analysis, molecular biology, molecular genetics, nanotechnology, protein engineering, stem cells and systems biology.

[UC Santa Cruz](#) is the University of California campus nearest to Silicon Valley and maintains close ties with local industry in the biotechnology & bioinformatics fields. The campus is especially interested in candidates who can contribute to the diversity and excellence of the academic community through their research, teaching and/or service.

**RANK:** Assistant Adjunct Professor, Associate Adjunct Professor, Adjunct Professor

**SALARY:** Appointments may be with or without salary, and are contingent on funding availability. As a minimum, one half of the funding for the base salary shall come from non-state funds. Salary is commensurate with qualifications and experience.

**MINIMUM QUALIFICATIONS:** Ph.D. or equivalent in Bioinformatics, Bioengineering, Molecular Biology or a closely related field. Demonstrated commitment and potential for university teaching and extramural funding; participation and achievement in professional organizations; demonstrated excellence in innovative research; a strong record of publications.

**TO APPLY:** Applicants should send a letter of application, curriculum vitae, statement of research and teaching interests, 3-5 selected publications (PDF format preferred), and arrange for three confidential letters of recommendation\* to be sent to:

Chair, Biomolecular Engineering Adjunct Search Committee # T08-17  
Baskin School of Engineering  
University of California  
1156 High Street MS: SOE3  
Santa Cruz CA 95064

**Please refer to position #T08-17 in all correspondence**

Or by e-mail to: [adjunct@soe.ucsc.edu](mailto:adjunct@soe.ucsc.edu)

*\*All letters will be treated as confidential, please direct your references to UCSC's confidentiality statement at [http://www2.ucsc.edu/ahr/academic\\_policies\\_and\\_procedures/cappm/confstm.htm](http://www2.ucsc.edu/ahr/academic_policies_and_procedures/cappm/confstm.htm).*

**CLOSING DATE:** This is an ongoing recruitment. Appointments will be pursued as determined by the departmental needs. Applicants will be required to update their CVs every three years if they are interested in remaining in the pool.

Questions may be sent via e-mail to [adjunct@soe.ucsc.edu](mailto:adjunct@soe.ucsc.edu).
