

# Information Session

Information Sessions are a great way to introduce your company's history, business, culture and benefits to the UCSC student community.

In addition to on-campus interviews, these "Meet the Recruiter" events help promote interest in your company and improve recruitment efforts as they enable you to meet interested and prospective candidates face to face.

### Promoting your Information Session

- The Career Center will promote your scheduled Information Session on our website and print posters which will be displayed around campus.
- An email blast regarding your session will be sent out to students registered with the Career Center.
- Your information session will also be featured on our SlugQuest announcement page.
- Your event will be promoted on the Career Center "What's Happening" bulletin board.
