

October 1st, 2009

Dear Grads

As many of you are aware, a student-based group occupied the graduate student commons on September 24, and as a result access to the facility has been limited. Since the occupation, the graduate student commons governance board, a governing body of graduate student volunteers, has been in constant dialog with the occupation. These discussions have been productive, and normal access to the graduate student commons is scheduled to resume the afternoon of Oct 1. GSA meetings have been scheduled at the facility for the evening of Oct 1st at 6pm.

Thank you all for you input and patience concerning this issue. We hope to see you at the commons.

Chelsey Juarez

Doctoral Candidate

Graduate student commons governance board president.
