UCSC GSA Travel Grant Application Cover Sheet

UCSC GSA Travel Grants are designed to assist members of our graduate community travel to perform thesis-related research, present original work at conferences or attend workshops or programs pertinent to their graduate projects. The total amount of funds available and the number of applicants varies each quarter and each application period is treated as an independent award process. The process is tailored to approve the maximum number of applications each quarter, while maintaining a useful award size. For more information about the decision process please visit the GSA website.

Please ensure that you have checked online for the most up-to-date information on the current application requirements. Awardees will be posted online once all applicants have been contacted with the decisions.

Thank you,
Your GSA Travel Grant Committee
